

PERSONS TALKED ABOUT

Ex-Senator Foraker and his family have gone to Northeast Harbor (Me.) for the summer, but expect to return to their residence in Washington next fall. The ex-senator has not yet called at the White House.

Dr. Arabella Kinsely, a daughter of the late Dr. Kinsely, the Irish lawyer, is a firm believer in heredity, and her story, "Whips of Time," was written to show how inherited tendencies will develop, however environment and training may have co-operated to change character.

One of the most interesting art matters of the day is the Danvers Chester French is to do the Abraham Lincoln statue for the Nebraska statehouse grounds at Lincoln. Mr. French thus succeeds, with just credit, to the honor of Saint Gaudens, as Eliza to the mantle of Elijah.

Irving Bacheller's new novel, to be published early in the autumn, will be called "The Master." It recounts the story of a young man in quest of a fortune which awaits him in the hands of a missing uncle. The scenes of the story move from the semi-Bohemian life of New York to the decks of an old schooner and a camp in the wilderness.

Mike Slattery, known by all wealthy visitors in the Berkshires as an expert coon and fox hunter, died in Lenox, Mass. He knew all the fox runs and all the big trees where coons are wont to hide in autumn within fifty miles of Lenox. He once said that he had furnished more than 200 coons for supper at the country villas in Lenox and Stockbridge, and he had killed more than 600 foxes.

WHAT THE PAPERS SAY.

Speed Laws.

There are auto drivers who sniff and ridicule speed laws in certain streets of our town, but 99 out of every 100 of these restrictions bear on the safety of the auto driver as well as the public. Sharp curves, intersecting roads, narrow streets, impeded entry for trolley cars, are a danger to a crowd of thanks are due the town authorities who know the conditions best and regulate the speed of the machine on the side of safety.

The driver who wants to tear along such roads or streets is a fool, and the authorities who are willing are equally foolish.

Full Time They Left.

The Fitchburg Sentinel administers a well deserved verbal spanking to the members of the legislature who, during the mock session preceding final adjournment, behaved like a crowd of rowdies, rather than like legislators and gentlemen. It says that nobody objects to a mock session when there is real wit and run involved; but that it takes no particular wit to yell at the top of one's lungs or to throw a book of legislative documents across the hall, or to keep up a noisy demonstration with neither purpose nor method evident from beginning to end. And it says that the behavior was the more discreditable because it occurred during the presentation exercises when the house is supposed to be paying special tribute to the worth of the speaker and other officials who made the work of the session more or less of a success. It adds: "It is a lack of respect for the clerk and for one's self which permitted the house to get into such an uproar, utterly beyond the power of the temporary speaker, Mr. Hobson, of Palmer, to control. Such exhibitions are simply disgusting."—Newburyport News.

Life 100,000 Years Ago.

Scientists have found in a cave in Switzerland bones of men who lived 100,000 years ago. Their life was in constant danger from wild beasts. Today the danger as shown by A. W. Brown of Alexander, Me., is largely from deadly disease. "If it had not been for Dr. King's New Discovery which cured me, I could not have lived," he writes, "suffering as I did from a severe lung trouble and stubborn cough." To cure Sore Throat, Colds, Obstructed Coughs, and prevent Pneumonia, it's the best medicine on earth. 50c and \$1.00. Guaranteed by The Lee & Osgood Co. Trial bottles free.

Sass Mother Grow Young.

"It would be hard to overstate the wonderful change in my mother since she began to use Electric Bitters," writes Mrs. W. L. Gilpatrick of Danforth, Me. "Although past 70, she seems really to be growing young again. She suffered untold misery from dyspepsia for 30 years. At last she could neither eat, drink nor sleep. Doctors gave her up and all remedies failed till Electric Bitters worked such wonders for her health." They invigorate all vital organs, cure Liver and Kidney troubles, induce sleep, impart strength and appetite. Only 50c at The Lee & Osgood Co.

Delay in taking Foley's Kidney Remedy if you have backache, kidney or bladder trouble, hinders the disease upon you and makes a cure more difficult. Commence taking Foley's Kidney Remedy today and you will soon be well. Why risk a serious malady? Lee & Osgood Co.

BARBERS PROTEST.
Claim That Present Law Only Benefits Commission.
The barbers in the associated communities of Derby, Ansonia and Shelton have got up a petition which has been forwarded to Hartford, in which they protest against the present law, claiming that it benefits no one save the men on the commission. The petition is as follows:
We, the undersigned, barbers of Derby, Ansonia and Shelton, Conn., are not in favor of the present law that licenses a barber; that compels him to pay \$5 in order to make a living, and then a dollar yearly for the same privilege. If it is necessary for the protection of the general public that barbers shall pass an examination to show their fitness and the benefit derived from the same is general, why put the whole burden on the barber? Why not, then, make the tax general? The law says that no barber who has a contagious disease shall work at his trade. Is there any member on the board of physicians? No; all barbers! How, then, they grant him a license, when they don't know or care whether he has a contagious disease or not, so long as he has the \$5? We can't hire barbers in our great state and we can't get them from other without much trouble on account of the license, which prohibits their working here, unless they have \$5 to hand to the board of examiners. These are the only members in the whole state that are benefited by that law.
